

ROOSEVELT GETS INTO THE FIGHT

PLAN OF CAMPAIGN

REPUBLICAN LEADERS DECLARE FOR A "CAMPAIGN OF EDUCATION" AND DECLARE THAT THEY WANT TO DISCUSS PLATFORMS BEFORE THE PEOPLE—KUHIO'S COUNTY CONVENTION WORK DISCUSSED SOME MORE.

"We want a campaign of issues," said Chairman Atkinson of the Republican Territorial Central Committee this morning. "Let us discuss the platforms, the issues, and not have a campaign of simple vituperation and personalities. The Republicans have put up a platform and so have the Democrats. Let the voters be encouraged by speakers to study the two platforms, and decide which is better for the country."

"This is the kind of campaign we want to strive for, and shall hope to have our speakers devote themselves to. We claim that our platform is the better, and we invite voters to study it. We will admit that the other party has nominated good men and we propose to discuss policies. We claim that the policies of the Republican party are for the best interests of our country. Let us discuss that claim with the opposition and let the voters decide the election on that question. If this is done we shall have a proper American campaign, a campaign of great educational value to the people, especially young people who vote for the first time."

The two Republican campaign committees on the Territorial and County are working in harmony, and the two committees will make out a programme for the work. The most favored plan appears to be to have a short campaign, as far as vigorous work is concerned. The Republicans will probably start their real work during the last three, or two, weeks of the campaign, when they will whip it up all over the island in the strongest kind of a fashion, talking from many platforms on the issues of the canvass.

PACIFIC MAIL PLANS TRANS-OCEAN TALK

3,000-FOOT AERIAL AT KAHUKU CATCHES COAST GOSSIP BETWEEN FARALLONES AND POINT LOMA—LOMA COMMUNICATING WITH U. S. S. MILWAUKEE—WIRELESS LINK WILL INCREASE PASSENGER TRAFFIC—AT NO TIME OUT OF SHORE TOUCH.

Where will the wireless end? It is only beginning.

Ocean travel between Pacific ports will soon be materially increased for the reason that busy business men who cannot now afford to leave business matters long enough to spend a week or so on the water between cable stations, will, when ships are all equipped with wireless, take to trips across the sea more often. So that Honolulu within a few months may

SAY 'T WAS NOTLEY

HOME RULE LEADER SAID TO HAVE ANGERED KUHIO AGAINST HUSTACE.

Charley Notley is now given the responsibility for the Republican convention row which aroused so much bitter feeling and put Charley Hustace out of the mayor fight. Prince Kuhio's anger is said to have been aroused against Hustace, causing the sensational attack he made in the convention, by a letter from Notley, in which Hustace was set forth as offering to give Notley support. It is well known that Hustace wrote to the Home Rule convention, asking the support of its voters, on the assumption that it wasn't going to name its own candidate for mayor and might endorse him.

The letter to Kuhio, however, went further than this. It accused Hustace of offering to support Notley. It was a canard, and had not even a bit of foundation, but it made Kuhio mad, and he allowed his Lane enthusiasm to run riot. This is the story told by a friend of Kuhio, who rebuked him for being taken in by a fake charge against Hustace.

CROOK OVERDUE

Where is the transport Crook which was due here at the latest early this morning, having sailed from San Francisco on September 15?

Such vessels as the Lurline, Hionian, Tenyo Maru, Hongkong Maru and Thomas cause no anxiety if they happen to be a little late, for they can reach out by wireless and advise agents and folks ashore, but with a vessel like the transport Crook, which is wireless, or without wireless, nothing can be learned except by sight.

While it is not likely that she is in any trouble, it is not impossible that she has encountered heavy weather. She should be in this afternoon.

GRAND JURY

The Grand Jury was in session this morning for a short time and returned two indictments, both of which were placed on the secret file. It is understood that one of these is a second indictment against Ramon Rodriguez, who is now charged with rape in the Circuit Court. The second indictment is in regard to a Japanese row which took place at the Winston block.

This will be the last session of the Grand Jury this month according to the present plans, which will be a relief to some of the members who find it hard to get away from business to look into the moral wrongdoings of Japanese and Chinese.

The Oahu Young People's Union will hold their regular quarterly convention Friday evening next, Sept. 25, in Kawaiahao church. Song service will begin promptly at seven thirty. In view of the coming election, the theme, "Our Christian Vote," will be of special interest.

DEMOCRATIC OFFICERS AND PLATFORM

Chairman, Chas. L. Rhodes.
Vice-Chairman, Wm. Wond.
Secretary, Manley Hopkins.
Asst. Secretary, Ed. Hanafi.
Sergeant-at-Arms, Geo. Fern.
Interpreter, J. Prendergast.

At 2:45 this afternoon, after a strenuous fight the convention decided to adopt the secret ballot as their method of voting. The fight against this was led by John Emmeluth but when it came to a vote he was badly beaten.

Above are the permanent officers of the Democratic County Convention recommended by the committee on Rules and Permanent Organization and elected this afternoon.

There was some delay in resuming business on account of the report of the Committee on Credentials not being ready.

G. J. Waller, the National Committeeman, was called on to make a speech to fill the gap. He spoke of the progress the party had made in this Territory during the past four years. It was now united and strong. As it was only recently that the party had got upon a good basis, so it was essential that Democrats act with good judgment and discretion. They should vote for the men placed on the ticket regardless of whether they were Hawaiians or others. They had good cause for congratulation from the reception their delegates had received at the national convention in Denver, together with the record they made there in having the interests of Hawaii recognized in the platform on which William Jennings Bryan was nominated for president. Their delegates had benefited in broadening of their minds by going to Denver, and Hawaii would benefit from the recognition it had received at the convention. In conclusion he urged all to work hard for the success of the whole ticket, making special mention of Lincoln L. McCandless for Delegate to Congress. There was a great discrepancy at last election between the votes for McClanahan and those cast for other Democratic candidates. It would be bad to have the news go back to Washington on this occasion that the candidate for Delegate to Congress received less support than other candidates. This ought not to be. Let us work together for the election of all our candidates.

TUG MEN COWARDS SAYS CAPT. WAGNER

(Associated Press Cable to The Star.)

FORT WRANGELL, Alaska, September 23.—Captain Wagner, of the bark Star of Bengal, which was wrecked on Coronation Island, has made charges of cowardice against the captains of the tugs Kyak and Hattie Gage. He states that had it not been for their lack of bravery every life would have been saved. As it is there are but twenty-seven survivors and one hundred and ten were drowned.

PRESIDENT WILL ANSWER BRYAN'S LETTER

(Associated Press Cable to The Star.)

WASHINGTON, D. C., September 23.—President Roosevelt has stated that he will answer Bryan's open letter of yesterday, in which Bryan challenged the president to prove the connection of Haskell, treasurer of the Democratic National committee, with Standard Oil scandals.

Haskell has for some time been a target of Hearst's, Hearst declaring him a disburser of Standard Oil funds. The President has now been drawn into the controversy, presumably as a result of his letter on the Foraker incident, and some very hot campaign matter may be looked for.

T. RAIN WALKER DIES IN ENGLAND

Thomas Rain Walker is dead. Yesterday a cablegram to Theo. H. Davies & Co. announced his serious condition from an accident, no place being mentioned. This morning a message told that the end had come. No particulars have been received. It was stated, however, that the funeral would be held at Ventnor on Saturday, from which it is presumed that Mr. Walker died at his home in the Isle of Wight.

On receiving the sad news the Davies corporation closed its doors, hanging crape thereon, and placed the British consular flag at halfmast.

Mr. Thomas Rain Walker came out to the islands from England, arriving here in December, 1888, on the S. S. Idaho, and took a position in the business which was then being carried on by the late Theo. H. Davies in partnership with R. C. Janlon. In 1881 Mr. Janlon died, and the firm became Theo. H. Davies and Company. Mr. Walker joined the business as a partner of Mr. Davies on January 1, 1883, and upon
